## 1 IN 7 PEOPLE LACK ACCESS TO CLEAN WATER

Well Aware provides sustainable and innovative solutions to water scarcity and contamination. Well Aware's life-changing water systems drive economic development and empower communities.

Since 2010, Well Aware has provided life-changing clean water to more than 350,000 people

## WHERE WE ARE: 114+ PROJECTS

### COMMUNITY DEVELOPMENT PROJECTS

### DISASTER RELIEF PROJECTS

## 100% OF WELL AWARE'S WELLS & WATER SYSTEMS WORK. (INDUSTRY AVERAGE: ONLY 40% WORK)

Well Aware's innovative methods and accomplishments have been recognized by Forbes, Fast Company, the New York Times, Apple News, USA Today, People.com, Toyota Studios, and The Chronicle of Philanthropy.

## EFFECTIVE

For every \$15 donated, Well Aware is able to provide clean water to one person for decades.

## INNOVATIVE

Well Aware utilizes new, emerging technologies to make our projects more efficient and cost effective. We developed the **Well Beyond App** -- the first and only maintenance and diagnostics app for ensuring lasting clean water projects. Additionally, we leverage:

- Solar powered pumps and purification systems
- Various water treatment solutions
- Water kiosk technology
- Mobile-to-mobile banking

## TRANSFORMATIVE

The Well Aware Ripple Effect touches and transforms every aspect of the communities we work in:

- Disease rates plummet
- Education and attendance rates increases
- Gender equality increases
- Agriculture and commerce grow
- Economies thrive with reinvestments in community development
- Peace, stability and growth increase
